## A MESSAGE FROM YOUR HOSTS

We're happy to welcome 2009. While there were GREAT things that happened in 2008, we are all feeling the effects of our bumpy economy.

Saving money is NOT just a New Year's resolution; it has become a way of life for all of us. We are trying to help you by presenting savings in merchandise and services. Please read through this newsletter and visit us online at: [www.renaissancepetresort.com](http://www.renaissancepetresort.com).

Once at the site, you can read about Renaissance Pet Resort and Hollywood's Pet Salon. We are happy to greet and assist you at either location.

We are offering 25% off merchandise for the month of January. While it is tempting to save money and buy a cheaper brand of food for

your companion animal, you will be doing yourself and your pet a disservice.

The cheaper foods have to include more fillers and that is less healthy for the pet. Please ask us for advice about your pet's nutrition needs.

On the human side, Don was elected to the Banning City Council in November and sworn in in December 5th. He was promptly selected by the council to serve as Chairman of the Community Redevelopment Agency.

Don's city council position takes up a great deal of his time. He is dedicated to making Banning a better place to live, work and play.

Please take advantage of two great new programs that are hosted by Renaissance. The low cost vaccination clinic is being offered on the 1st Saturday of each month and the anesthesia-free dental cleaning on the 1st Thursday of each month!

**ANESTHESIA FREE TEETH CLEANING  
SERVICE AVAILABLE 1st THURSDAY  
OF EACH MONTH.**

Just like with humans, it is recommended pets have their teeth professionally cleaned every 6 to 12 months; some larger dogs can go a year. In addition, pets should have their teeth brushed weekly at home. Many people find it is difficult to adequately brush their pet's teeth. The dental maintenance program offered at Renaissance is a great way to make certain your pet's teeth and gums remain healthy. It is always recommended that your regular vet check your pet's teeth during a regular examination.

Renaissance Pet Spa is making this service available to you through a professional teeth cleaning service. **DOGS & CATS FLAT FEE: \$110.00**

Maintenance programs are also available as follows:

Monthly \$20.00, Every 2 months \$40.00, Every 3 months \$60.00. Past 90 days reverts to flat fee.

**NEWS YOU CAN USE**

Katryn asks when boarding your companion furry friend to bring their regular food. "It's no time to change food when you board your pet," Katryn said. "It might make the parents feel better but it further confuses the pet. They need to have familiar things with them and that includes their regular food and treats."

**RENAISSANCE PET  
RESORT & SPA**

Katryn further reminds us that "dogs need to be socialized. They are pack animals, so allowing them to be with other canines confirms their natural instincts. They have the opportunity to be more pro-active." Renaissance offers Day Care as well as overnight and long term boarding. One thing that too many humans forget is dogs need to have rules. "They expect rules," Katryn states. It only takes a dog about a day to learn the rules when they are guests at Renaissance Pet Resort. They learn from others and they learn by watching. DO establish boundaries.
